About Us

We are a family run independent hospitality and catering wholesaler covering Gloucestershire & Worcestershire. Our main aim is to deliver high quality products at competitive prices with unrivalled customer service.

Priding ourselves on being friendly and knowledgeable whilst also offering a reliable and prompt free delivery service. We offer a vast range of products from blue roll and cleaning chemicals to takeaway cups and napkins with the added flexibility of being able to source any additional item requests you may have.

We feel our background within the hospitality industry has provided us with a clear understanding of our customers requirements. Sarah has previously worked in managing events in private luxury hotels across the Cotswolds, whilst Andrew has spent the past 20 (!) years specialising in conferment and banqueting as well as restaurant management before opening his own bar in Cheltenham a few years ago. In an attempt to reduce the unsociable hours we work and spend more time with our children we set up CHS in early 2019, we feel the between us we have the perfect set of skills to meet our customers needs and have been lucky enough to build a good base of suppliers over the past year and are proud of the products we stock we also have an interesting mix of customer both big and small from restaurants and hotels to tourist attractions and schools who make each day so different which we absolutely love.

Feel free to get in touch to arrange an appointment for us to show you what we can offer.
